To Henry P. Wehrenberg, Chairman, Board of Works Date 1/16/78  
From Edmund A. Stanczak, Jr., General Superintendent, City Utilities  
Subject PRIOR APPROVAL FOR REPAIR OF WPC MAINTENANCE VACTOR, MODEL 400

COPIES TO:

John Moran

We are requesting prior approval by Council of this Vactor repair. If we can get the truck to Deeds by March for repair, we will have use of the Vactor all summer. If we wait for routine Council approval, we may have the Vactor in the shop part of the summer. This could put us in a bind with respect to scheduled sewer maintenance.

Water Filtration & Distribution  
Water Pollution Control

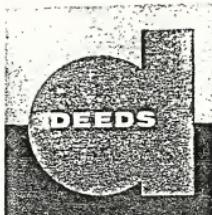

January 13, 1978

To: Mr. Ed Stanczak  
From: Mr. John C. Moran  
Subject: Repair of Vactor Unit

Water Pollution Control Maintenance Department needs repair work done on the Vactor, Model 400 purchased in 1974, at a cost of \$48,000.00. We feel that we should repair the inside of the tank at this time, at a price quote of \$4,736.90. To delay would cause damage to the outer tank which would cost \$19,000.00 plus the liner at \$4,736.90.

It is a valuable piece of equipment and the only Company that does this type of repair is Deeds Equipment Co., at Lapaz, Ind.
